

## NEW CERTIFICATIONS FOR CERTIFIED JUDGES

1. Judges are encouraged to pick a new caption they think they have the most experience in, and the most feedback to offer teams.
2. At the fall workshop, judges need to discuss w/Michele Napier (Evaluation Director) or Laurel McAfee (Commissioner) or Shammra Smith (Education Director) about attending the new caption's class.
3. During the traditional season judges would need to attend events and provide score sheets and tapes/digital recordings for the new caption to Michele Napier.
4. Realize that just because judges are already certified in one caption, does not mean that they will be certified instantly in another caption. It may require multiple trials in order to achieve the new certification.
5. Michele Napier (Evaluation Director) will provide evaluations on tapes sent in, so judges can better prepare for the next event.
6. Judges are also encouraged to frequently talk w/caption heads  
Exe - Michele Napier, Con. – Laurel McAfee, OE – Julie Kelley
7. Judges are welcome to attend any event in order to intern in a new caption...judges might want to try both captions, if judges are not sure which one they might be better at.
8. If a judge is planning on attending an event to intern, they MUST contact Kristen Myers, [jainternship@comcast.net](mailto:jainternship@comcast.net), and she will contact the event director, letting them know a judge is coming to intern.....this is for lunch and seating purposes. Please do not just show up to an event.
